What is a Home Care Package?

A Home Care Package is government funding towards a package of services and care management to meet your individual needs. It is designed to help you live safely and comfortably at home.

How do I get a Home Care Package?

Home Care Packages are available to anyone aged 65 and over (50 and over for Aboriginal and Torres Strait Islander people) who needs help to continue living at home.

To check your eligibility, contact **My Aged Care** on 1800 200 422 and ask for an assessment.

If you'd like some help with this process, you can call us on (03) 8319 7430.

Cost

You may be asked to pay a contribution. Services Australia works out the fee based on what you can afford – the amount depends on your income assessment. We do not charge a basic daily fee or an exit fee.
